## The "Haiti's Future" Project ...a Province II educational MDG venture

In Haiti, the best available children's education is offered in schools run by the Episcopal Church. There is heavy reliance upon clergy for support and direction. Yet, there are only 30 clergy serving over 100 congregations and 300 schools. There is a crying need for more ordained support in this underdeveloped island nation.

### Séminaire de Théologie Eglise Episcopale d'Haïti

The Haitian Episcopal Seminary needs your financial support to increase the number of ordained priests serving the Diocese. Tuition, alone, is \$1000 per year, plus the cost of board and lodging...so let's help out with tuition support.

## The Goal is to raise \$30,000

...to help educate ten new priests in the next five years

We ask each congregation in Province II to

raise and donate \$100 to this cause  
on Sunday, June 28th.

Contributions can come from discretionary funds, vestries and/or individuals. Please send your checks to Rev. Jerry Keucher, Province II Treasurer, at Church of the Intercession, 550 W. 155 St., New York, NY 10032
