Greetings from Province II’s President and Vice President

Greetings Beloved Friends,

We hope everyone’s travel home was smooth and uneventful after our gathering in Albany. We left with a deep sense of God’s grace and the power of shared ministry; our time together was inspirational! During our afternoon session we encouraged the forming of prayer partners and many of you shared contact information in the hope of forming ministry groups. We will hold each other accountable to get the Blue Book Reports read, learned, marked, and inwardly digested before we arrive in Austin! We discussed what it means to be Beloved Community through:

• Telling the Truth
• Proclaiming the Dream
• Practicing the Way
• Repairing the Breach.

As we turn our attention to General Convention, we encourage you to reach out to one another and continue the important conversations begun during our Synod gathering. In particular, our brothers and sisters in the Virgin Islands and Haiti need our support. Some have written letters to the Church Insurance Group asking them to consider waiving deductibles for those who have been paying their premiums faithfully. Others are encouraging our Province 2 Bishops to make contact with Episcopal Relief and Development to find out how to partner with them to bring more aid to these dioceses. There is much for which to be grateful and much still to be done.

Most of all let us be God’s people of action and prayer, with open hearts to ways we might minister more effectively as a Province. May we be resolute in our commitment to becoming beloved community as the Episcopal branch of the Jesus Movement.

Blessings of peace for the journey,

Dahn+ and +DeDe

Reflections from Synod 2018

By Josh Barrett, a deputy from the Diocese of Rochester

Over the past couple months, I have been reflecting and praying about the direction of our Church. We recently convened as a Province, and soon will gather once again to do the holy work of being together as Church in Austin, Texas. The Holy Spirit is up to something big all across our parishes, dioceses, province and larger Church. I would venture to say that I think we got a taste of it in our time together.

As a first-time deputy, I did not come to the Province meeting with many expectations. The reputation of Provincial meetings carries the weight of outdated bureaucracy. Honestly, that was what I was anticipating and that is what I observed at first. However, I witnessed Christ move within us as a Province as we prayed, worshipped, and asked holy questions.

At the Holy Eucharist, I was asked to assist the deacon with setting the table. I fumbled a couple times. I forgot things on the credence table. I handed the deacon the wrong thing at the wrong time. I probably even made the deacon faintly question my seminarian credentials. I was quite embarrassed, to say the least. Upon reflection, I came to realize that experience might represent us as a Christian people. I fumbled my way through the moment, but the task was completed—Jesus showed up and we were made one with Christ. This is what we do best as the church. God takes our best efforts to “do it right” and then God completes the best work. I pray we show up to Austin with all of our best work, all our deepest prayer and all of our courageous disciple-hearts, even if we have to fumble our way to the table together, over and over again.

Josh is a junior at Virginia Theological Seminary. He is a first-time deputy of the Diocese of Rochester. When Josh isn’t in church, you can find him in a nice coffee shop, endlessly talking about the Great British Baking Show, or swinging away in his hammock.

Resolutions to General Convention from Province II

Two resolutions are proposed by Province II for consideration at General Convention:

- C032 TOPIC: Against Human Trafficking
- C033 TOPIC: Respecting the Dignity of Immigrants

**C032 TOPIC: Against Human Trafficking**

1 Resolved, the House of ________ concurring, That consistent with Resolution 2009-A167 of the 76th General Convention of The Episcopal Church, which "calls for the protection of all victims of human trafficking," the 79th General Convention of The Episcopal Church support the Code of Conduct for the Protection of Children from Sexual Exploitation in Travel and Tourism ("The
Code”) adopted by ECPAT (End Child Prostitution and Trafficking); and be it further

2 Resolved, That the 79th General Convention of The Episcopal Church encourage programs and ministries of The Episcopal Church to give preference to tourism companies and businesses, including but not limited to hotels, airlines, and travel agents, that have signed The Code when making arrangements for meetings and travel to meetings; and be it further

3 Resolved, That the 79th General Convention of the Episcopal Church encourage programs and ministries of The Episcopal Church to make available opportunities for advocacy and education with tourism companies and businesses, including but not limited to hotels, airlines, and travel agents, that have not signed The Code when they are used for arrangement for meetings and travel to meetings; and be it further

4 Resolved, That the 79th General Convention of The Episcopal Church urge all dioceses, parishes within the dioceses, and members of The Episcopal Church to give preference to tourism companies and businesses, including but not limited to hotels, airlines, and travel agents, that have signed The Code when traveling and to engage in advocacy with tourism companies and businesses that have not; and be it further

5 Resolved, That The Episcopal Church website make available current information on the status of companies that have signed The Code, which can be found at http://www.thecode.org/who-have-signed/members/.

EXPLANATION

The travel and tourism industry is uniquely positioned to address child sex trafficking. For example, 45% of children trafficked for sex in New York City are exploited in hotels (Ric Curtis et al., "The Commercial Sexual Exploitation of Children in New York City," The Center for Court Innovation, NYC, 2008). Members of this industry that endorse The Code agree to:

1. Establish a policy and procedures against child sexual exploitation.

2. Train employees in children’s rights, the prevention of sexual exploitation and how to report suspected cases.

3. Include a clause in contracts throughout the value chain stating a common repudiation and zero tolerance policy of child sexual exploitation.
4. Provide information to travelers on children’s rights, the prevention of child sexual exploitation and how to report suspected cases.

5. Support, collaborate, and engage stakeholders in the prevention of child sexual exploitation.

6. Report annually on their implementation of Code related activities.

Nearly 1,300 companies have signed The Code, including Delta Airlines, Hilton Worldwide, and Uber Technologies Inc.

Supporting The Code when arranging meetings and travel to meetings would allow The Episcopal Church to continue its tradition of using its economic power to stand for justice and supporting the human rights of children.

Co33 TOPIC: Respecting the Dignity of Immigrants

1 Resolved, the House of ________ concurring, That the 79th General Convention of The Episcopal Church reject and deplore racist and unjust treatment of immigrants of any residential status; and be it further

2 Resolved, That The Episcopal Church affirm the following propositions regarding immigrants in our country: 1. Just reception and hospitable treatment of the stranger in our midst is a faith-based component of baptismal living. 2. Undocumented immigrants should have reasonable opportunity to pursue permanent residency. 3. Close family members should be allowed to reunite without undue delay with individuals lawfully present in the United States. 4. Fundamental U.S. principles of legal due process should be granted all persons; and be it further

3 Resolved, That The Episcopal Church call upon the Government of the United States to implement humane means of enforcing reasonable border control; and be it further

4 Resolved, That The Episcopal Church support the goals of expanded immigration relief for youth as outlined in the Deferred Action for Childhood Arrivals (DACA); and be it further

5 Resolved, That The Episcopal Church advocate through education, communication, and representation before legislative authorities the continuation of Temporary Protective Status (TPS) for all persons fleeing to or currently resident in the US seeking refuge from violence, environmental

disaster, economic devastation, or cultural abuse or other forms of abuse; and be it further

6 Resolved, That The Episcopal Church advocate for congressional consideration and implementation of comprehensive immigration reform which will allow millions of undocumented immigrants who have established roots in the United States and are often parents and spouses of U.S. Citizens to have a pathway to citizenship and to full social and economic integration into the United States.

Diocese of Western New York

The Episcopal Dioceses of Western New York and Northwestern Pennsylvania moved one step closer to approving an innovative arrangement under which they would share a bishop and staff for five years while exploring a long-term relationship.

Voting simultaneously in their respective diocesan offices, the Standing Committees of both dioceses unanimously agreed to support a proposal under which Bishop Sean W. Rowe of Northwestern Pennsylvania would take on additional responsibility as bishop provisional of the Diocese of Western New York upon the retirement of Bishop William Franklin on April 3, 2019.

The plan must now be approved by the annual conventions of both dioceses which will meet jointly in Niagara Falls in October. To complete the arrangement, the Diocese of Western New York would elect Rowe as their bishop provisional at that gathering.
